Mathew Rubin  
East Haven Windfarm  
26 State Street  
Montpelier VT 05602

Dear Mr. Rubin,

Thank you for your letter of 14 October concerning the East Haven Windfarm.

My chief concern is the condition of the unimproved Radar Road past the community of East Haven. Our ambulances are not all-wheel drive, and could not respond up the mountain over badly rutted dirt roads or roads that have not been plowed & sanded. I have been told that your plans include road improvements and that your crews will not be working in the middle of winter. If this is the case, we would be able to reach the construction site as long as the roads are clear/sanded.

With these limitations in mind, your project **will not** affect our ability to provide ambulance service to the community of East Haven or the construction site.

Good luck in your project. If we can be of further assistance, please contact me.

I thank you and remain,

Semper fidelis,

A handwritten signature in black ink, appearing to read "Stephen M Pitman IV". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
