Re: Petition of EMDC, LLC d/b/a East Haven Windfarm
PSB Docket No. _____
Section 202(f) determination

Dear Commissioner O'Brien:

Our client, EMDC, LLC d/b/a/ East Haven Windfarm, today is filing with the Public Service Board a Petition for a Certificate of Public Good authorizing it to construct a 6 MW wind electric generation facility, and associated transmission and interconnection facilities, in East Haven, Vermont, and operate the same. James Volz, Esq., of your department, will be receiving copies of the filing.

By this letter I hereby request that the Department make a determination that East Haven Windfarm's proposal is consistent with the state's electrical energy plan now in effect, pursuant to 30 V.S.A. section 202(f), and submit this determination to the Board, in due course, for its consideration.

Thank you for your attention to this matter. Do not hesitate to contact me if you would like further information.

Sincerely,

John B. Kassel
